- Developed fine art skills using charcoal, pastel, watercolor, and graphite pencil sketches

Objective

To obtain a position using Adobe Illustrator, Photoshop, and Indesign as well as use my talent for illustration and drawing to bring custom and unique touches to your brand. I am a dependable worker with a positive and polite attitude who gets along well with others. I am a good listener and take good notes. My passions are comic books, animation, video games, and manga style characters. Thank you for your time to consider me for your next project/position.
